

# Class Information

## Class 3

### Autumn Term 2021

#### PE - On Fridays

Please ensure that PE kits are brought into school on a Monday and taken home on a Friday. Children will get changed for PE in school, so there is no need for them to wear PE kit to school.

Please ensure that **earrings are not worn**, or can be removed **independently** by your child. Long hair should be tied back.

We will be doing PE outside for as much of the time as possible so please wear bring dark coloured tracksuit bottoms and a sweat shirt when the weather is cooler.

#### Dojo

**We** will continue to set homework on Dojo

A piece of Maths or English will be set on a Friday to be uploaded the following Thursday.

Spellings will also be set for a test the following Friday.

Please use the message facility to share any questions regards homework

#### Communication

Please email Mrs Goodwin in the office regards any absence or general questions.

We hope you find the following information helpful about your child's new class.

We have included details on how we will be supporting your child's return to school over the coming weeks.

This term we will continue to teach the curriculum, as well as continually assessing and filling in any gaps from the previous learning.

You will find a brief overview of the curriculum content for English and Maths as well as support for your child's well-being. Information about other subjects will be sent separately in a more detailed 'Knowledge Organiser'. This information is designed to give you a flavour of what the children in Class 3 will be learning this term as well as some more detailed information on the knowledge we expect children to know at the end of this term.

Many thanks for your continued support.

Mrs Robinson

Miss Seward

## English

English will be taught through the use of talk for writing whereby the children learn a text, they learn the skills needed to produce a particular genre of writing and they study further texts.

At the end of the unit, they use everything they have learnt to produce their own piece of independent writing. Our first unit is looking at a Portal story. We will use the book *Leon and the Place Between* by Angela McAllister.

They will also learn spellings as part of a daily session within class and these will be shared via Class Dojo. Alongside this they will be working on their writing skills and reading comprehension.

We will complete a Comprehension exercise once a week.

## Maths

Maths is taught through the use of the mastery approach where the focus is on problem solving and reasoning to show that they have mastered the area of maths.

Year 4 and 5 will focus on Number - Place value and then Addition and subtraction

Year 6 will focus on Number - Place value and then Addition, subtraction. Multiplication and division

Once a week they will complete a short arithmetic test. These tests will be used to inform teaching.
