

Homework

- Children will receive a piece of maths and English homework on a Friday that we expect to be returned by the following Monday.
- Children will have a set of spellings to learn and these will also be tested on the following Monday.

Remember the homework challenges that are ongoing throughout the term.

PE

Please ensure your child has their PE kit in school every Monday. They can bring it home to be washed on a Friday but must make sure they bring it back with them after the weekend. Our PE day this term will usually be on a **Wednesday**. They will also take part in Gymnastics on a Thursday.

We are always happy to see you to discuss your child. However, we do ask that unless you have some urgent information for the day, you try to see us after school, when we will have more time to talk to you.

Class Information

Year 5/6

Class 3

Autumn Term 2 2019

We hope you find the following information helpful in supporting your child this term. You will find a brief overview of the curriculum content for some subject areas along with a more detailed 'knowledge organiser' for other subjects. This information is designed to give you a flavour of what the children in year 5/6 will be learning this term as well as some more detailed information on the knowledge we expect children to know at the end of this term.

Many thanks for your continued support.
Mrs Robinson

Year 5/6: Autumn Term 2

English

In English lessons, the children will be learning how to write a recount/biography. We will be looking at two texts, The life of Violette Szabo and Suffragette: The Battle for Equality.

Maths

Year 6

In Maths lessons, the children will be looking at fractions. Including simplifying, comparing and ordering fractions. We will then look at adding, subtracting, multiplying and dividing fractions

Year 5

In Maths lessons, the children will be looking at Statistics. Including reading, drawing and interpreting line graphs, including solving problems. Reading and interpreting tables, including two-way tables.

Science

In Science lessons, children will be learning about classification. They will be able to read and understand a classification key as well as understanding that scientists have divided living things into 5 large groups called kingdoms. They will also realise that all living things are made up of cells and will learn the difference between plant and animal cells. They will know how fungi, protists and prokaryotes are classified and know the similarities and differences between them.

Geography

In Geography lessons, the children will learn that about North America. They will look at the countries of, environmental regions, rivers and cities in North America. They will also compare the UK and a region of North America.

History

In History lessons, we will look at The Suffragettes. We will start by looking at democracy in the 19th Century. Then we will look at The National Union of Women's Suffrage Societies, before looking at the role of Emmeline Pankhurst and the WSPU. We will then look at the Anti-Suffrage Campaign before looking at World War 1 and the Representation of the People Act.

Music

In Music lessons we will look at Classroom Jazz.

Art

In Art lessons we will be studying Renaissance Art. We will observe and discuss a range of paintings by Italian Renaissance artists and become familiar with Renaissance sculpture.

RE

In RE lessons with Mrs Mead, the children will be exploring the question What is a Church?
