Class 2

Homework Challenges – Summer 1 2024

We would like children to select at least one of the homework challenges below for this term, however children can do as many as they wish. This will continue to be run alongside the regular reading, and maths/English/phonics homework that are set each week.

Geography – Settlements

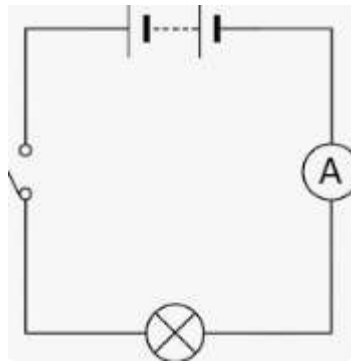

Create an information leaflet on settlements include subheadings, diagrams and key facts.

Science – Electricity

Draw a circuit that will light up a light bulb with as many components you can use.

Ensure you label the diagram and use a ruler.

History – The War of the Roses

Make a Tudor Rose in an interesting way – think about the materials you could use or the way you can create the different colours/ sections.

RE – Hinduism

Make a poster answering the Big Question – 'How can Brahman be everywhere and in everything'

Art – Architecture

Make a model of The Great Stupa – looking at the architectural features.

Maths – Capacity and volume

Create an exciting way to show all your knowledge of capacity and volume.

We do ask that everyone has a go at this homework challenge, so that all the children have something to share at the end of each term. Please bring your homework challenge work into school on the morning of **Thursday 23rd May**. All parents and children are invited to the Homework Challenge Drop In after school on the **Thursday 23rd May** – so that you can see what your friends have produced!

We thank you for your continued support. Mrs Jones
