## Class 3

### Homework Challenges – Autumn Term 1 2023

We would like children to select at least one of the homework challenges below for this term, however children can do as many as they wish. This will continue to be run alongside the regular reading, and maths/English/phonics homework that are set each week.

<b>Art – Space</b>  We're looking at making our sketches look like they have 3 dimensions. Have a go at creating the classic 3d fruit bowl making the fruit look 3d.  	<b>Science – Electricity</b>  Create a poster showing how to make a circuit – include simple instructions. You can make/show a range of different circuits using different components such as switches, motors, buzzers and bulbs.  <small>Look at the circuits below and label each part.</small>  	<b>Geography – Spatial Sense</b>  Year4 Draw your own desert Island on a grid and show the 4 figure grid references for specific places.  Year 5/6 Create a map of Europe and use the lines of latitude and longitude to show how many degrees North and how many degrees East/West places are.  
<b>RE – Sikhism</b>  Draw a poster showing the 5 K's and state why they are important symbol for Sikhs.  	<b>History</b>  Y5/6 Draw or Make a map illustrating the size of the British Empire at its height.  Y4 – Create a fact file on the Vikings or Anglo Saxons.  	<b>French – Food</b>  Make a table of foods, one half food you like and one half food you hate. Draw the food and write their names in French.  

We do ask that everyone has a go at this homework challenge, so that all the children have something to share at the end of each half term. Please bring your homework challenge work into school on the morning of **Thursday 19<sup>th</sup> October**. All parents and children are invited to the Homework Challenge Drop In after school on the 19<sup>th</sup> of October at 3.15pm. – so that you can see what your friends have produced!

We thank you for your continued support.  
Mr Overton
