Safeguarding Newsletter – Spring 2024

Welcome to the Spring edition of our parent safeguarding newsletter.

Safeguarding children is the action we take to promote the welfare of children and protect them from harm. Safeguarding is everyone's responsibility and is our highest priority. Every single person who comes into contact with children and families has a role to play in school.

Safeguarding Parent Questionnaire

Thank you to those parents who completed the Parent Safeguarding Questionnaire. The feedback is valuable in helping us to know what we are doing well and those areas where more information is needed.

From the feedback, you said that you were not sure who the school's Designated Safeguarding Leads (DSLs) are. You will see on the right of this page information about our Designated Safeguarding Leads, who are trained professionals in safeguarding, however all our staff are trained in safeguarding if you want to discuss any concerns with them.

Policies

Following the feedback from the Safeguarding questionnaire, I wanted to share our school's Safeguarding Policy and our Online Safety Policy, which includes our acceptable use policy that details how we expect children to behaviour when using IT equipment at school.

You can find these policies on our website:

Safer Internet Day 2024

The whole school took part in Safer Internet day this year. It is a chance to remind children how to stay safe online as well as celebrate all the wonderful things you can do on line.

This is what children said when we asked them how a trusted adult can support them online if they see something that worries them:

The Safeguarding team.

If you have any concerns about a child's welfare or safety, please speak to a member of the schools safeguarding team.
