EYFS and Year 1

Homework Challenges – Autumn Term 1 2019

This year we will continue to set a homework project based on our topics. We would like children to select at least one of the challenges below, however children can do as many as they wish. This will continue to be run alongside the regular reading, spellings and maths that are set each week for children in Year 1.

English

Write a story about a journey you have been on. Where did you go? What did you do? How did you get there?

Science- The Human Body

Draw and label the parts of the human body. Which parts help us to see, hear, smell, touch and taste?

Geography- Spatial Sense

Create a 3D model of your home. Do you live in a house? A bungalow? A flat? On a farm?

Art- Colour

Create a colour wheel to show the primary and secondary colours. Which primary colours (red, yellow and blue) do we mix together to make the secondary colours (green, purple and orange)?

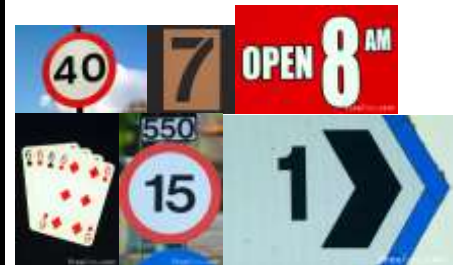

Computing- Esafety

Design a poster about how to keep safe when using the internet.

Maths

Go on a number hunt around your local area. How many of each number can you find? You could take photos or write the numbers that you can see.

The challenge homework is due in **Monday 14th October** and each child will get to present their work on **Thursday 17th October** for it to be celebrated. Parents are invited to this session too!

We thank you for your continued support.

Miss Calaby
