Photographic Competition 2026

KLDCCC in conjunction with WNAT would like to invite entries to the annual photographic competition. The competition is open to Key Stages 2,3,4,5 and Staff.

The theme for this year's competition is

'OPEN'

Photographs can be taken on any imaging device including mobile phones, tablets or cameras.

The OPEN theme covers any subject you think would make an interesting picture. We are looking for pictures that have impact, rather than 'snapshots' So go out and be creative!

Images should be submitted to e.pearman@wnat.co.uk in Jpeg format, be no larger than A4 or 300 x 200mm and be saved at their full size if possible (a maximum of around 3600 x 2400 pixels).

Please do not send via WhatsApp or Facebook, as the images will be compressed and will not print properly.

Images will initially be assessed by the Trust, who will choose finalists from each group to go forward for judging by the KLDCCC on 25th June 2026, at Springwood High School.

£20 of Amazon vouchers will be awarded as first place prize to each key stage.

The overall winner will receive the Dave Ashfield Cup.

All finalists will receive a mounted print of their entry.

Entries close at 9am on Monday 1st June 2026.

Head to the KLDCCC website kldcc.co.uk and look at some of the pictures taken by our club members to get some good ideas. You will also find some tips on the website to help you make the best of your images

WNAT Photo competition - brief guide to photography

It doesn't matter if you use your phone or a 'proper' camera, whatever you are photographing it needs to be in focus and properly exposed (not too dark or too bright), here a few quick tips to help you get the best from your images.

Landscapes: Keep the horizon level and make sure something in the photo draws your eyes to it, this is called a focal point. A great time to take your camera out is the last couple of hours before the sun sets, and there is no such thing as bad weather!

People: Your subject shouldn't be too small in the picture and you will get nicer photos if you zoom in rather than holding the camera closer to them.

Animals/Pets: Crouch down to their level as opposed to pointing the camera downwards.

Composition: Think about your composition when you take the photo, something leading the eye to your focal point always works, as does using the "Rule of Thirds" (draw a mental grid over what you see and put your subject where two of the lines cross).

Finally, editing your photos afterwards is not cheating! For example, if the colours do not work, try changing the photo to black and white.

ENJOY YOUR PHOTOGRAPHY!!
