Dear Parents and Carers,

myON

We are proud to inform you that our school will be implementing an exciting online library resource called myON.

MyON is an online collection of thousands of digital books that can be read on computers, laptops and other devices anytime, anyplace! This enhanced digital platform provides the option to hear books read aloud, the ability to highlight text and make notes and there is also an embedded dictionary to support students' reading at all levels. Your child can set their own interests so that they read books which they find interesting and engaging, and they have the option of reading books that are consistent with their Accelerated Reader ZPD range as well as books that fall outside of their range that they find appealing.

MyON monitors their reading level to ensure books are well matched and teachers can track reading and progress.

As MyON caters for primary and secondary pupils, please monitor the books your child reads as you would with any other online service, though it is not expected that any content should be deemed inappropriate.

We are excited to give our families the opportunity to spend time reading to build stamina and fluency. The log in details you'll need to access this fantastic resource will be sent via Class Dojo private message, along with a Parents' Guide that will be posted onto the whole-school news feed.

We hope your child really enjoys and benefits from this new resource.

Best wishes and happy reading!

Mrs S Robinson
Assistant Head/Class 3 Teacher
