A free, fun, practical, problem-solving competition for all primary school children to take part in during British Science Week at home from 5th to 14th March 2021.

Your challenge:

- Create an insect using 4 sheets of plain or coloured A4 paper only (from our recycling bin/crate).
- Work **individually** at home.
- Children can only use **scissors** and their engineering skills to create their insects – research different types of insects, their colours, camouflage, wings, legs etc.
- **No** glue, sticky tape, staples or paper clips to be used.
- Take no longer than **one hour**, including practising techniques.

Please bring your insect creations to school on Monday 15th March.

- Recycle your insects at the end of the competition.

A winner will be chosen from Key Stage 1 (Yrs R-2) and Key Stage 2 (Yrs 3-6) but most importantly have fun and get creative, we cannot wait to see your insects.

Red Nose Day

On Thursday 18th March the children may wear something red and/or have a fun wacky hairstyle for the day.

All donations can be made via ParentPay (link below). All money raised will go direct to comic relief.
